H2506: WORKERS' COMPENSATION; RATES; FIREFIGHTERS; CANCER

Fire investigators are added to the presumption that specified types of cancer and related diseases that result in disability or death are an occupational disease and are deemed to arise out of employment if specified conditions are met. All insurance carriers, self-insuring employers and workers' compensation pools that secure workers' compensation for firefighters and fire investigators are required to compile and report to the Industrial Commission claim and claim reserve information for all cancer-related claims filed by or on behalf of firefighters and fire investigators. The Commission is required to compile and make available to insurance carriers, rating organizations, employers, public safety workers and workers' compensation pools the claim-related information collected to assist with the setting of workers' compensation insurance rates. In addition to the six uniform percentage deviations already authorized by statute, insurers covering firefighters and fire investigators are permitted to file one uniform percentage deviation that increases the statewide rates under the rating organization's rate filing for the class codes associated with firefighters and fire investigators to address the anticipated increase in losses and expenses for claims that are compensable due to the workers' compensation presumption. The deviation filing must be accompanied by analysis from an actuary that substantively illustrates the basis for the rate increase. Contains a legislative intent section.

H2620: HEALTH CARE WORKERS; ASSAULT; PREVENTION

The list of victims of assault that cause an assault to be classified as aggravated assault if the defendant knows of their profession is expanded to include a "health care worker" (defined) while engaged in the health care worker's work duties. Aggravated assault committed on a health care worker is a class 5 (second lowest) felony if the assault involves physical injury and a class 6 (lowest) felony otherwise. By July 1, 2022, "health care employers" (defined as licensed health care institutions with more than 50 employees) are required to develop, implement and maintain a written workplace violence prevention plan that includes specified provisions. As soon as practicable after a workplace violence incident is reported to a health care employer, the employer is required to investigate the incident and to document the findings, recommendations and corrective measures taken for each investigation conducted. H2627: HEALTH FACILITIES; RESUSCITATION; EMERGENCY CARE

All licensed health care institutions that provide congregant or residential care are required to provide cardiopulmonary resuscitation (CPR) and first aid training for all staff as prescribed in rule by the Department of Health Services. Facility staff who are certified in CPR must be available at all times. These facilities are required to establish and implement policies that require facility staff to immediately evaluate the condition and circumstances of any resident who experiences cardiac arrest, cessation of respiration or any other medical emergency. On a determination that immediate resuscitation or first aid is feasible and appropriate in accordance with that resident's advance directives or do-not-resuscitate order, facility staff are required to provide basic appropriate CPR or first aid care. These facilities are prohibited from implementing policies that prevent employees from providing immediate resuscitation that complies with these requirements. A facility or facility staff member who in good faith renders emergency care or emergency assistance in reasonable accordance with training to a person who experiences a medical emergency is not liable for civil damages as the result of any act or omission by the person, unless the person acted with gross negligence.

H2802: AMBULANCE SERVICES; SERVICE AREAS

Various changes to statutes relating to ambulance service. Within 90 days after receiving a complete application for an ambulance service certificate of necessity, the Department of Health Services (DHS) is required to determine whether public necessity requires the proposed ambulance service in a service area. If necessity for the ambulance service is found to exist, DHS is required to issue a certificate of necessity to operate the ambulance service. DHS rules are required to provide for DHS to determine a separate set of response times of ambulances for each city, town or fire district within each certificate of necessity if the service area includes a response area designated as urban

or suburban. More.

FIREWORKS; AERIAL DEVICES	2/10	Senate com do pass; report awaited.
FIREWORKS; AERIAL DEVICES	1/25	referred to Senate com.

S1351: FIRE DISTRICTS; AMENDMENTS

Various changes to statutes relating to fire districts. The property owner where the services are provided, instead of the person receiving the services, is liable to the fire district for the costs of providing, upon request, emergency fire or emergency medical services outside of its own district boundaries when those services are otherwise unavailable, and these costs constitute a debt of that person and may be collected by the fire district. For counties in which a "metropolitan statistical area" (defined elsewhere in statute) has a population greater than one million persons, and in which a majority of all cities, towns and fire districts located within the metropolitan statistical area participate in a regional automatic-aid agreement for the provision of fire suppression, emergency medical and associated emergency services, a participating city, town or fire district is authorized to bill a nonparticipating city, town or fire district located within the metropolitan statistical area to recover the costs incurred for emergency response and mitigation services provided to any property located within the jurisdictional boundaries of the nonparticipating city, town or fire district. A fire district that contracts for fire and emergency medical services is authorized to designate the fire chief of the service provider as the fire chief of the fire district. On expiration of a fire district board member's term of office, the position is declared vacant unless otherwise filled at a general election. A vacancy that occurs on expiration of a term of office must be filled by appointment by a quorum of the district board within 90 days after the first day of the beginning of the new term of office. If the district board is unable to establish a quorum, the vacancy must be filled by the county board of supervisors. Fire district boards are required to obtain from a licensed or certified appraiser an appraisal of real property owned by the district to determine market value, and are prohibited from accepting a bid for the sale of that property that is less than 75 percent of the appraised market value. If the property has no market value or a net value of \$10,000 or less, the board is authorized to value the property by using a market analysis based on comparable sales. The board is allowed to sell or lease fire district property to any other governmental entity on any terms deemed to be advantageous to the fire district. The board is authorized to grant by unanimous consent an easement on district property for public purposes to a utility.

S1373: HEALTH FACILITIES; DUTY OF CARE

Licensed health care institutions that provide congregant or residential care and the institution's employees and agents have an affirmative duty of care for their residents. These institutions are required to provide basic life support and first aid, in accordance with that resident's advance directives and do-not-resuscitate order, including initiating immediate cardiopulmonary resuscitation (CPR) before the arrival of emergency medical services, to a resident who experiences symptoms of cardiac arrest or cessation of respiration. Staff who are certified in CPR and first aid must be available at the health care institution at all times. These institutions are prohibited from implementing policies that prevent employees from providing immediate CPR, first aid or emergency care to the institution's residents.

S1374: CRISIS STANDARDS OF CARE; REQUIREMENTS

If the Department of Health Services (DHS) adopts or establishes a crisis standards of care plan to address resource allocation when the demand for certain health care services exceeds the supply of necessary resources, a list of specified tenets and requirements apply to the plan, including requiring individual assessments made on the basis of the best available objective medical evidence. A health care provider or health care institution staff member is prohibited from pressuring or coercing a patient or the patient's health care decision maker to sign a do-not-resuscitate order or make a particular health care treatment decision. DHS is required to modify any existing crisis standards of care plan within 60 days after the effective date of this legislation to comply with these requirements. Emergency clause.

S1451: WORKERS' COMPENSATION; RATES; FIREFIGHTERS; CANCER

Fire investigators are added to the presumption that specified types of cancer and related diseases that result in disability or death are an occupational disease and are deemed to arise out of employment if specified conditions are met. All insurance carriers, self-insuring employers and workers' compensation pools that secure workers' compensation for firefighters and fire investigators are required to compile and report to the Industrial Commission claim and claim reserve information for all cancer-related claims filed by or on behalf of firefighters and fire investigators. The Commission is required to compile and make available to insurance carriers, rating organizations, employers, public safety workers and workers' compensation pools the claim-related information collected to assist with the setting of workers' compensation insurance rates. In addition to the six uniform percentage deviations already authorized by statute, insurers covering firefighters and fire investigators are permitted to file one uniform percentage deviation that increases the statewide rates under the rating organization's rate filing for the class codes associated with firefighters and fire investigators to address the anticipated increase in losses and expenses for claims that are compensable due to the workers' compensation presumption. The deviation filing must be accompanied by analysis from an actuary that substantively illustrates the basis for the rate increase. Contains a legislative intent section.

SCR1030: PUBLIC SAFETY EMPLOYEES; RECORDS; ASSAULT

The 2022 general election ballot is to carry the question of whether to amend state statute to make it a class 5 (second lowest) felony for a person to knowingly make available on the internet the personal information of a firefighter, emergency medical technician, National Guard member, Border Patrol agent, or correctional officer if the dissemination poses an imminent threat to that person's or that person's immediate family's safety and the threat is reasonably apparent to the person making the information available. The list of victims of assault that cause an assault to be classified as aggravated assault if the defendant knows of their profession is expanded to include a member of the National Guard or a Border Patrol Agent while in the execution of official duties or if the assault results from the execution of official duties. Aggravated assault committed in these circumstances is a class 4 (lower mid-level) felony. Also, for the purpose of statute allowing eligible persons to file an affidavit to request county officers and state agencies prohibit access to that person's information contained in certain public records, the definition of "eligible person" is expanded to include Border Patrol agents acting in support of a law enforcement agency and emergency medical technicians assigned to the Arizona Counter Terrorism Information Center in the Department of Public Safety.

H2014: GRRC; PETITION TO REQUEST REVIEW

A person is permitted to petition the Governor's Regulatory Review Council (GRRC) to request a review of an existing agency practice that involves interpreting a rule adopted by the agency, substantive policy statement, or final rule of an agency established under statute governing campaign finance, including the Citizens Clean Elections Act, based on the person's belief that the practice, policy, or rule does not meet the requirements of the Administrative Procedures Act, exceeds the agency's statutory authority or violates the state Constitution or the U.S. Constitution. If, after a public hearing, GRRC determines that the practice, policy, action or rule does not meet these requirements, GRRC is authorized to modify, revise or declare void any practice, policy, or rule.

S1752: COMMUNITY FACILITIES DISTRICTS

Various changes to statutes relating to community facilities districts. The annual ad valorem tax levied by a district is prohibited from exceeding the amount necessary to meet annual payments of principal and interest on bonds issued by the district, projected payments of principal and interest on new debt planned for that year, a reasonable delinquency factor, including an amount necessary to correct prior year errors or shortages in the levy, if applicable, and any expenses and fees required. The levy is required to be the net of all cash in excess of ten percent of the annual payments of principal and interest in the current fiscal year from the previous year remaining in a segregated fund or funds for the levy. If a district sells general obligation bonds above par, the amount of "net premium" (defined) associated with a general obligation bond issue may be used only to pay costs incurred in issuing the bonds or as a deposit in a debt service fund and used only to pay interest on the issue of general obligation bonds. If used for any other purpose, and if the district has general obligation bond voter authorization and available capacity under its debt limitations, both the available aggregate indebtedness capacity of the district and the principal amount authorized at the general obligation bond election for the district must be reduced by the amount of net premium used for that purpose. For districts that are formed after August 9, 2017 and before the effective date of this legislation and for which the district board consists of the governing body of the municipality or county with two additional district board members who were initially designated by an owner who owned the largest amount of privately owned acreage in the district at formation, at any time after receipt of a petition signed by the owners of a majority of the privately owned real property within the boundaries of the district as measured by square footage or acreage, the district board is authorized to adopt a resolution to permanently remove the two additional appointed district board members and their positions on the board. If a community facilities district will be governed by a governing body with two additional board members who are initially designated by the owner who owns the largest amount of privately-owned acreage in the district, the resolution ordering formation of the district is permitted to state, or the district board is permitted to adopt a resolution that provides, that those two additional members are permanently advisory nonvoting members. Bill Summaries

H2008: ASRS; EMPLOYER; MEMBER; CONTRIBUTIONS

The Arizona State Retirement System (ASRS) is prohibited from paying an employer earnings attributable to excess contributions but is required to reduce the amount returned to an employer by the amount of losses attributable to the excess contributions. On receipt of an employer credit or return of contributions, the employer is required to return any member portion of the returned contributions to the member. If an employer pays less than the correct amount of employer or member contributions into ASRS, the correct amount of member contributions is prohibited from being paid to ASRS after the death of the member.

H2381: PSPRS; CORP; LOCAL BOARDS; CONSOLIDATION

Various changes to statutes governing the Public Safety Personnel Retirement System (PSPRS) and Corrections Officer Retirement Plan (CORP). The powers and duties of PSPRS local boards and CORP local boards are expanded to include deciding all questions of eligibility for membership and disability and in the line of duty death benefits, and a uniform process for reviewing applications for these benefits is established. Each PSPRS local board and CORP local board is required to hire an independent legal counsel. PSPRS and CORP local board members are required to complete local board training within 180 days after appointment or election. PSPRS and CORP employers and local boards are required to submit any materials requested by the PSPRS Board of Trustees for any reason. If the PSPRS Board of Trustees finds through an audit or investigation that a local board is not in compliance with statute or rule, the local board has 60 days to take corrective action, and failure to take adequate correction action authorizes the Board of Trustees to act on behalf of that local board until the matter is resolved. PSPRS and CORP local boards are authorized to enter into an intergovernmental agreement with other local boards to consolidate the boards. Effective January 1, 2022.

H2376: CLASS 2 PROPERTY; GUEST RANCHES

The list of property classified as class 2 property for property tax purposes is expanded to include real property, improvements to property, and personal property of a "guest ranch" (defined). As a condition for class 2 property tax valuation, the owner of a guest ranch is required to record a deed restriction with the county recorder that restricts the property to use as a guest ranch for at least ten years. The valuation of a guest ranch as class 2 property constitutes a covenant between the county assessor and the owner of the guest ranch that the use of the property will remain unchanged for the duration of the deed restriction. If the property is converted to a different use in violation of the covenant, the county assessor is required to add to the tax levied against the property on the next tax roll a penalty equal to the difference between the total amount of property taxes that would have been levied on the property for the preceding ten years or the period of time the property was valued as class 2 property, whichever period is shorter, if the property had not been valued as class 2 property and the property taxes that were actually paid for the same period. The penalty must be paid before completion of the next property tax roll and is enforceable and subject to the same penalties and interest as if

the penalty were a tax levied against the property.

S1108: TAX OMNIBUS

Various changes to statutes relating to taxes. The list of additions to Arizona gross income for the purpose of computing Arizona adjusted gross income for individual and corporate income tax purposes is modified to remove the amount of any depreciation allowed by specified federal code. The list of subtractions from Arizona gross income for the purpose of computing Arizona adjusted gross income for income tax purposes is modified to include 50 percent of the net long-term capital gain included in federal adjusted gross income for the tax year that is derived from an investment in an asset acquired after December 31, 2020. Increases the dependent tax credit to \$120 for each dependent who is under 17 years of age, from \$100, and to \$30 for each dependent who is at least 17 years of age, from \$25. Lowers the state equalization assistance property tax rate to \$0.3520 in tax year 2021, \$0.2776 in tax year 2022, and an unspecified amount (blank in original) in tax year 2023, from \$0.4426 in tax year 2020. Lowers the tax rate for class one property taxes to 17.5 percent for tax year 2022 and 17 percent for tax years beginning with 2023, from 18 percent in 2021. The maximum additional tax rate that a county fire district board may levy is increased to \$3.375 per \$100 of assessed valuation for tax year 2022 and \$3.50 per \$100 of assessed valuation for tax year 2023 and each tax year after, from \$3.25 per \$100 of assessed valuation. Retroactive to July 1, 2021, establishes a tax on vehicles propelled only by electricity, natural gas or propane of \$110 per year, and a tax on hybrid vehicles of \$44 per year. Income tax revisions are retroactive to tax years beginning January 1, 2021.

The gross proceeds of sales or gross income derived from a construction contract with an owner of real property or the improvements to real property that does not exceed \$100,000 per unit for a "residential project" (defined) or \$1 million for a nonresidential project is not subject to tax under the prime contracting classification of transaction privilege taxes, and is required to be exempt from municipal transaction privilege and use taxes. Only the contract price is used to determine whether a contract exceeds the threshold amount described in this paragraph with no subtractions for amounts paid to subcontractors or any deductions or exemptions allowed. Project elements cannot be artificially separated from a contract to cause a project to qualify for this exemption. The Department of Revenue has the burden of proving that project elements have been artificially separated from a contract. A contract that primarily involves construction of any electricity generating facility or system installed on any commercial, residential or governmental property, including the maintenance, repair, replacement or alteration of existing improvements of an electricity generating or distribution facility, is not subject to tax under the prime contracting classification of transaction privilege taxes. Retroactive to contracts entered into beginning July 1, 2021. Establishes provisions for application to contracts that were bid or entered into from January 1, 2015 through July 1, 2021.

H2308: RECALL PETITIONS AND ELECTIONS; REVISIONS

Various changes to statutes relating to recall petitions and elections. Establishes a standard form for recall petitions. Requires the validity of signatures on each sheet to be sworn to by the circulator before a notary public on a specified form on the back of the sheet. The Secretary of State is required to make available a sample recall petition that strictly complies with the standard form. All nonresident circulators and paid circulators are required to register as circulators with the Secretary of State before circulating recall petitions, and any signatures collected by a circulator who fails to register as required are disqualified. Establishes requirements for circulator registration. If a registered circulator is properly served with a subpoena to provide evidence in an action regarding circulation of petitions and fails to appear or produce documents as provided for in the subpoena, all signatures collected by that circulator are deemed invalid. Any person may challenge the lawful registration of circulators in the superior court of the county in which the circulator is registered, and deadlines for challenges are specified. Establishes a process for a

person who has signed a recall petition to withdraw the person's signature. Specifies that various unlawful acts relating to recall petitions are a class 1 (highest) misdemeanor. Establishes a list of acts that constitute recall petition signature fraud and classifies recall petition signature fraud as a class 1 (highest) misdemeanor, except that a person who engages or participates in a "pattern of recall petition fraud" (defined) is guilty of a class 4 (lower mid-level) felony. Establishes a process for verification of recall petition signatures. More.

H2701: POLLING PLACES; IDENTIFICATION; EARLY VOTING

Various changes relating to elections and polling places. Any qualified elector is authorized to vote by early ballot in person at any polling place. A qualified elector may vote by mail only if the elector is physically unable to cast a ballot within the period for early voting, or has a physical disability, is confined to a nursing home or other similar facility, is on military duty or is temporarily residing outside Arizona. County boards of supervisors are required, instead of allowed, to authorize the use of voting centers in place of specifically designated polling places for 30 days before the day of the election. A county with a population of less than 200,000 persons is required to have a maximum of four voting centers, a county with a population of 200,000 persons or more and less than 1 million persons is required to have a maximum of eight voting centers, and a county with a population of 1 million persons or more is required to have a maximum of fifteen voting centers, as determined by the board of supervisors. Election precinct lines are required to be drawn to include as a priority public elementary, middle and high schools within an election precinct. School principals are no longer authorized to deny a request to provide space for use as a polling place. A driver license applicant is required to submit proof of identity by presenting all of the following documentation: an original or certified copy of a U.S. passport or birth certificate, proof of a social security number by presenting an original or copy of a social security card or W-2 form, and proof of residency in Arizona in two forms, such as a utility bill or bank statement. The list of satisfactory proof of U.S. citizenship that the county recorder may accept for voter registration is expanded to include an identification card issued by Arizona or the U.S. Due to voter protection, several sections of this legislation require the affirmative vote of at least 3/4 of the members of each house of the Legislature for passage.

H2720: BALLOTS; ELECTION CONTESTS; CERTIFICATES

Various changes relating to elections. The Legislature retains its legislative authority regarding the office of presidential elector and by majority vote at any time before the presidential inauguration is authorized to revoke the Secretary of State's issuance or certification of a presidential elector's certificate of election. The Legislature is permitted to take this action without regard to whether the Legislature is in regular or special session or has held committee or other hearings on the matter. Any party to an election contest may request a jury trial, which must be granted and tried as other jury trials in a civil action, except that the statutory provisions for election contests prevail over any conflicting rules of procedure for jury trials. In an election contest jury trial, a court is prohibited from granting a motion to dismiss or a motion for summary judgment that would result in dismissal until after the jury has issued its verdict. Without regard to the system or method used to produce or tabulate ballots, the county recorder or officer in charge of elections is required to maintain a count of the number of physical ballots printed and the number of ballots otherwise generated in the following categories: early ballots, regular ballots, provisional ballots, federal-only ballots, and ballots generated in an electronic form. The county recorder or officer in charge of elections is required to post

that information on the county's website within one day after election day. The county recorder or officer in charge of elections is required to create digitized images of ballots and to keep the digitized images and the physical ballots as public records. At least ten persons from the general public who are registered voters in the county are allowed to observe the proceedings at the counting center at any time throughout the day. All observers must be allowed to observe each essential part of the proceedings at the counting center. When ballots are damaged or defective and cannot be counted by the automatic tabulating equipment, the images that are made of a duplicate of those ballots must be posted to the county's website within 24 hours after duplication along with the determination by the election board as to that voter's intent for each contest adjudicated. Any disruption in live video coverage of the custody of all ballots while the ballots are present in a tabulation room in the counting center will result in the members of the board of supervisors and the county recorder being deemed ineligible for reelection and barred from holding any public office in Arizona for ten years after the expiration of the term of office in which the disruption in video coverage occurred. H2722: EMERGENCY VOTING; MANUAL; PHOTOGRAPHS; ELECTIONEERING

Repeals statute allowing county boards of supervisors to authorize the use of voting centers in place of or in addition to polling places. An emergency voting center may be established only on occurrence of a genuine emergency such as war, civil unrest or natural disaster that makes it likely that large numbers of voters will be substantially impaired in their ability to vote on election day as compared to other elections. The elections instructions and procedures manual prepared by the Secretary of State is required to provide for transparency and election security to the maximum extent allowed by law. If any provision of the instructions and procedures manual conflicts with any statute, the provision of the instructions and procedures manual is unenforceable and statute prevails. In addition to the Secretary of State, the Legislature is required to provide personnel who are experts in electronic voting systems and procedures and in electronic voting system security to field check and review electronic voting systems and recommend needed statutory and procedural changes, including changes in the instructions and procedures manual. Also, a person is allowed to take photographs or videos of himself, his/her own ballot and any election worker, but is prohibited from taking photographs or videos of other voters or other voters' ballots.

Declares that the Legislature has plenary authority over elections. An election special session of the Legislature begins by operation of law on the date of the regular primary election and the regular general election and continues for at least three days following the election. During an election special session, the Legislature is authorized to conduct hearings and receive testimony, documents and other evidence as appropriate relating to any irregularities that occur during and after the election. The Legislature is authorized to vote to reject or confirm the preliminary results of the election. If confirmed, the Legislature is required to forward that confirmation to the county board of supervisors of the county examined by the Legislature. On rejection, the Legislature is required to forward its findings to the office of the Attorney General for possible civil or criminal action. Also, the official election instructions and procedures manual prepared by the Secretary of State is required to be approved by a vote of the Legislature, instead of by the Governor and the Attorney General.

S1492: ELECTION LAW AMENDMENTS

Various changes relating to election law. A petition for a new political party to be represented by an official party ballot is required to contain the signatures of qualified electors in at least 1/4 of the election precincts of the county or municipality. The county recorder or the city or town clerk is required to review the petitions, select a random sample of 20 percent of the total signatures, individually verify and certify those signatures, and calculate and project the total number of valid signatures to determine whether the party will be recognized. The requirement for candidates to file a statement of interest with the appropriate filing officer no later than the date of the first petition signature on a nomination petition does not apply to candidates for elected office for school districts, community college districts or career technical education districts. A candidate's name printed on the ballot is prohibited from including a slogan, promotional word or phrase, or any word that does not actually constitute a nickname. The maximum number of days before an election that a county board of supervisors is permitted to cancel the election if only one person files a nominating petition to fill certain offices is increased to 105 days, from 75 days. If there is not a sufficient number of persons available to appoint precinct workers who are qualified voters of that precinct, the inspector, marshal, judges and clerks must be qualified voters of Arizona. The required test of election equipment is no longer required to be observed by at least two election inspectors, and is instead required to be observed by at least one representative of the two largest political parties based on statewide voter registration totals. County boards of supervisors are required to deliver the canvass to the Secretary of State within 14 days after the primary election, increased from 10 days, and the Secretary of State is required to canvass the return by the third Monday following the primary election, instead of the second Monday following. S1654: OBSERVERS; HAND COUNTS; RECOUNTS; MARGINS

Modifies the margin between the two candidates receiving the greatest number of votes for a particular office or for and against a ballot measure that triggers an automatic recount. A recount is required when the margin is less than or equal to 0.5 percent of the number of votes cast for both candidates or on the measure, or 0.75 percent of the number of votes cast for both candidates or on the measure if requested by one of the candidates or an authorized representative of a political committee that supports or opposes the measure within two days after the release of unofficial results, or if a second hand count is conducted and the margin is 0.25 percent or less, with some exceptions. If the recount is requested by a candidate or a representative of a political committee when the margin is more than 0.5 percent and less than or equal to 0.75 percent of the number of votes cast, the expenses of a recount must be charged to the candidate or political committee that requested the recount unless the candidate or requesting political committee prevails in the recount. The proceedings at an elections counting center are prohibited from being conducted without equal numbers of designated observers from each political party that is represented on the ballot at that election, unless the county chair of the political party and each of that party's candidates submit a notarized statement that waives that party's and candidate's presence. Hand counts are no longer exempt from the live video requirements established for proceedings at the counting center.
