Arivaca Fire District is a paid combination Fire District located approximately 55 miles southwest of Tucson nestled in the Las Guijas Mountains of southern Pima County. We service an area of 640 square miles and run 290-300 calls per year out of 1 fire station providing Fire, EMS, Rescue, and Wildland fire response to the entire area. Our call volume is growing and so are we. We also provide the primary Advanced Life Support medical response and transport within this entire range including the Coronado National Forest and Buenos Aires National Wildlife Refuge. We are building our district to be better for the future and this is your chance to be on the ground floor and help build the new Arivaca Fire District. The district will provide many training opportunities for our members and the ability to advance your careers from fire academy all the way to officer training and advancement. Come serve our citizens and see why our little community is truly a hidden Arizona gem. As we continue to grow, so will you and your skills. Come join our family and be part of something great.
