Firefighter recruit

Arivaca Fire District is a paid combination Fire District located approximately 55 miles southwest of Tucson nestled in the Las Guijas and San Luis Mountain ranges of southern Pima County at an elevation of 4000 feet. With new management and strategic plans in place we are rising from the ashes, and we are seeking community oriented and career minded individuals looking for a great career opportunity with career advancement potential. We service an area of 640 square miles currently and run 290-300 calls per year out of 1 fire station providing Fire, EMS, Rescue, fuels reduction, and Wildland fire response to the entire area. Our call volume and area are growing and so are we. We also provide the primary Advanced Life Support medical response and transport within this entire range including the Coronado National Forest and Buenos Aires National Wildlife Refuge. We are building our district to be better for the future and this is your chance to be on the ground floor and help continue building the new Arivaca Fire District. Training is available both in house and regionally. Come join our family and be part of something great in an office with gorgeous mountain views. Applications available on our website at www.arivacafiredistrict.org or at our station.
