Some time is spent in special and routine maintenance of equipment and apparatus and routine care of buildings and grounds, as well as public education activities. The Emergency Medical Care Technician is assigned to a fire captain that supervises them during emergency events, routine station activities, and equipment maintenance. May be assigned to work on special assignments which call for special abilities and knowledge attained through experience and training. May be assigned to either a 40-hour or 56-hour schedule, depending on the needs of the Fire District.

Essential Functions

- Help transfer patients to the emergency department of a healthcare facility and report their observations and first aid treatment to hospital staff.
- Do an on the spot assessment of the patient's condition and determine a proper course of treatment.
- Use backboards and restraints to immobilize patients and secure them in the ambulance for transport.
- Create a patient care report, documenting the medical care given to the patient at the scene and en-route to the hospital.
- Replace used supplies and check or clean equipment after use.
- Administer EMS to injured persons, frequently using advanced techniques to restore cardio-pulmonary functions.
- Follow department policies and procedures.
- Operate fire department apparatus in a safe manner, including emergency vehicle operation.
- Perform general maintenance work in the up-keep of the Fire Department property and apparatus.
- Participate in public education activities.
- Operate Computer Aided Dispatch equipment.

- Demonstrate continuous effort to improve operations, decrease turnaround times, streamline work processes, and work cooperatively and jointly to provide quality seamless customer service.
- Must be able to pass pre-hire physical exam.
- Participate in physical fitness activities to maintain physical conditioning to comply with medical and physical fitness requirements.
- Timely use of all department electronic communication, i.e., Firehouse, Target Solutions, regularly check DMFD email, etc.
- Maintain regular attendance and punctuality, according to department policies.
- Ability to follow and positively model support of DMFD's Mission, Vision and Values.

Knowledge of:

- Ambulance apparatus, equipment, tools, devices, and facilities, and their proper use and maintenance.
- Emergency scene operations and incident command structure.
- Emergency Medical techniques.
- Medical Documentation and related laws.
- Arizona Motor Vehicle Laws.

Ability to:

- Work cooperatively with other District employees and the public.
- Work at heights greater than ten feet.
- Operate power driven machinery.
- Observe or monitor people's behavior to assess patient condition.
- Communicate orally with customers, clients or the public in face-to-face one-on-one settings.
- Understand and follow oral and written instructions in the English language.
- Ability to recognize hazards identified by fire diamonds.
- Tolerate extreme fluctuations in temperature while performing job duties.
- Work for long periods of time, requiring sustained physical activity and intense concentration.
- Rely on sense of sight and hearing to help determine the nature of an emergency and make operational decisions.
- Comprehend and make inferences from written material in the English language.
- Work in a variety of weather conditions with exposure to the outdoor elements.
- Work safely without presenting a direct threat to self or others.
- Make fine, highly controlled muscular movements to adjust the position of control mechanisms such as operating levers, pedals, and valves.
- Follow medical direction and off-line treatment protocols and perform essential skills within the scope of practice for EMT or Paramedic.
- Work with outside agencies and communicate patient information to hospital staff in a thorough and concise manner.
- Learn job related material through structured lecture and reading and through oral instruction and observation. This learning takes place in both a classroom setting and in an on-the-job training setting.
- Observe or monitor objects to determine compliance with prescribed operating or safety standards.
- Bend or stoop repeatedly or continually over time to perform emergency medical services or perform duties on the fire ground.
- Move objects between 20-50 pounds short distances (20 feet or more).
- Exerting up to 10 pounds of force occasionally and/or a negligible amount of force frequently or constantly to lift, carry, push, pull, or otherwise move objects, including the human body.
- Exerting in excess of 50 to 100 pounds of force occasionally, and/or in excess of 25 – 50 pounds of force frequently, and/or in excess of 20 pounds of force constantly to move objects.
- Use appropriate personal protective equipment (PPE) and protective clothing to prevent exposure to hazardous materials and infectious diseases.
